

## PROJECT DESCRIPTION SHEET

# Mon/Fayette Expressway

**Project Name:** Mon/Fayette Expressway - Uniontown to Brownsville

**Location:** Washington and Fayette Counties in Pennsylvania

**Owner:** Pennsylvania Turnpike Commission

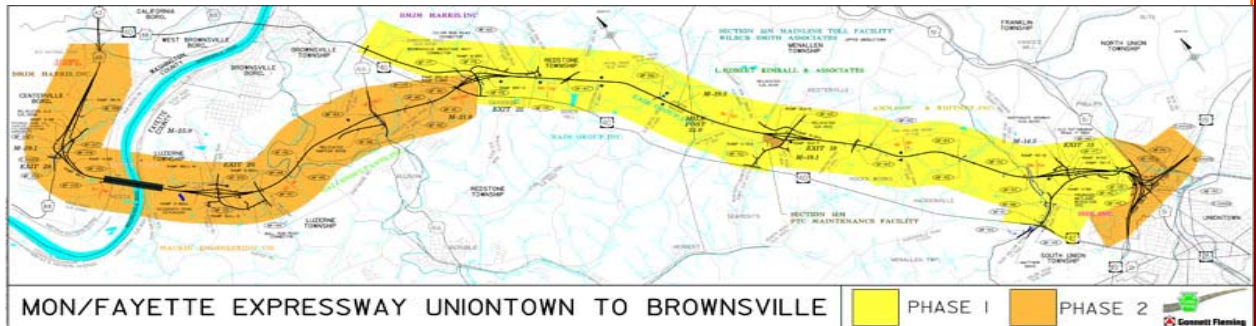

**Our Client:** Pennsylvania Turnpike Commission

**Our Role:** Open-End Construction Materials Inspection/Testing

**Date Project Awarded:** July 2006

**Project Monetary Value:** \$800,000,000

**Project Description:** This project involves the construction of 17 miles of a new tolled limited access highway between Uniontown and Brownsville, PA. The completion of this missing link will provide a continuous 57 mile stretch of highway between Morgantown, WV and PA Route 51 in Jefferson Borough, PA. A total of 13 individual construction contracts are included for toll road construction, interchanges, toll plazas and relocation and upgrades of existing adjacent roads.

**Jeff Zell Consultants, Inc. Work Description:** Jeff Zell Consultants Inc. (JZC) has been selected by the Pennsylvania Turnpike Commission to perform the construction materials inspection for both phases of this project. Our certified materials inspectors provide the quality assurance services at the production source for the aggregates, concrete, asphalt and precast concrete products.

Duties include inspection services to ensure production is in accordance to general Turnpike and project specific specifications; document that the proper product is shipped in the proper quantities to each individual contract and verify that the plant quality control plan is followed during each step. Daily inspection reports are compiled and entered into the project software for the Turnpike Materials Management Supervisor.

JZC previously performed these services for the construction of the Southern Beltway - Findlay Connector between SR 22-30 and the Pittsburgh International. JZC has initiated several components for this contract including the Supervisor

position which allows a single point of contact for the Turnpike, the construction management teams on each section and the numerous contractors and designers for the separate contracts. The supervisor also provides training and supervisor for each inspector.
